Not all duplicators are equal - evocept duplicators outperform the competition. With optimized controllers and high-speed drives configured to achieve maximum throughput - when performance counts choose evocept.

Multiple duplication of CDs and DVDs is no longer frustrating and time consuming – in fact, with evocept’s CopyBlast range, it is simple, quick and efficient. The superior features, LCD panel and user interface makes the operation of all evocept CopyBlast products almost foolproof and sets them apart from the competition.

Whatever your duplication needs, there is an evocept CopyBlast model to suit your requirements.

evocept is the brand professionals choose to depend upon, so if your time is money take the step up to evocept. Ruggedly built, the steel casing is not only attractive; it’s functional and built to last.

The evocept towers operate independently from your PC or Mac and require no complex setup or software installation. With models ranging from 3 to 11 drive towers plus the robotic 5 drive 200 disc automated unit there is a ready made answer in the evocept range to suit your needs.

Evocept Standalone Comparison Chart

Recorders	Max DVD Record Speed	Disc Formats	Disc Capacity	Hard Drive Size	Batch Mode	Business Card Capable	700MB CD Burn (approx. mm:ss*) / or per hour	4.7GB DVD-R Burn (approx. mm:ss*) / or per hour	8.5GB DVD+R DL Burn (approx. mm:ss*) / or per hour
