REGION4 RELEASES NEW WORLDWIDE EXCLUSIVE PRODUCT

EVOCEPT SPIN CD/DVD PRINTER

Region4 Pty Ltd, the leading distributor in Australia and New Zealand for CD-R and DVD printing, duplicating and publishing solutions, is now shipping the new Evocept Spin CD/DVD printer.

The SPIN printer is a low cost direct to disc single colour thermal transfer printer that is easy to use, fast and inexpensive. Create professional looking discs in minutes at a fraction of the cost of other printers on the market!

UNIQUE AUTO-ROTATION FUNCTION: Unlike other label printers in its class the SPIN printer can automatically print up to 4 areas on a disc at a time. Due to the unique 4 x 90 degree rotation function the printer supports 4 separate print areas for a total print area of 48cm². Competing products can only print one small area per disc.

THE SPIN IS USER FRIENDLY TOO: Label a disc in just 3 easy steps. Design - use the included Disc Title Printer Application to design your label with up

to 4 print areas - with text, arced text or graphics. Load - Place your printable disc in the SPIN printer. Print - Press Print on your screen and your label is created.

ABOUT REGION4:

Since 1997, Region4 has developed strong relationships with the world's largest and most innovative manufacturers of disc printing, duplicating and publishing systems, providing the most comprehensive range of equipment to the market, via educated and knowledgeable channel partners. Prior to February 1 2004 Region4 was in a strategic business alliance with Verbatim Australia providing Product Management and Technical support for these products. Now located in new dedicated business premises and operating independently, Region4 is now the sole distributor of these products enabling the Region4 team to focus on providing an infrastructure for supplying and supporting this specialized range.
